Airport Directory and Travel Guide

Do you want to receive a paper copy of the Airport Directory and Travel Guide in 2015 and subsequent years? If you prefer to use the electronic version (PDF) of the directory or do not want to receive a paper book, please opt-out using one of the methods below. If you change your mind later, simply notify our office or request a copy through our website. Reducing the number of directories we need to print saves money and trees as well as ensures only users who want and use the paper directory receive a copy.

If you opted-out in 2014 and do not want a paper directory in 2015, you must notify us again.

The directory is also available online and can be viewed on and saved to an iPad, smartphone, laptop, or other electronic device in PDF format.

This format includes:

- links within the document
- an enhanced table of contents
- the most up to date information throughout the year.

To view or download the PDF version of the directory, please visit our website: www.mndot.gov/aero

Click on "Publications" and choose "Airport Directory"

If you want to receive a paper copy of the Airport Directory and Travel Guide in 2015, you do not need to do anything.

If you do not want to receive a paper directory in 2015 and following years you must do one of the following:

- Visit the link on our home page, www.mndot.gov/aero and complete the web form to tell us you do not want a 2015 directory.
- Complete the form below and return it with your aircraft registration payment to our office.
