

Mn/DOT Technical Certification Unit

August 27, 2010

The Mn/DOT Technical Certification Unit will not be publishing a **Course Calendar** for the 2010-2011 Training Season and beyond. All registrations for Mn/DOT Technical Certification classes will be through the ARM (Aggregate & Ready Mix) website at:

<http://www.armofmn.com/displaycommon.cfm?an=1&subarticlenbr=23>

Registrations start Oct. 1 each year. You will be able to register on their website and pay with a credit card. You can download or print the schedule of classes from the ARM website.

This is the list of Technical Certification Classes offered in the 2010-2011 Training Season.

- Aggregate Production
- Bituminous Plant Levels 1& 2 and Recertifications
- Bituminous Street (the Level 1&2 classes are now combined) and Recertification
- Bridge Construction Inspection 2 and Recertification
- Concrete Field Levels 1&2 and Recertification
- Concrete Plant Levels 1&2 and Recertifications
- Grading and Base 1&2 and Recertification

For non Technical Certification Classes, refer to the Specialty Offices websites or link to them from the Technical Certification Homepage at <http://www.dot.state.mn.us/const/tcp/>
