Phone: 651/215-6330

Fax: 651/366-3718

Dear Applicant:

Here is the waiver application packet you requested for drivers who are insulin-dependent diabetics.

State and Federal law require that we collect considerably more information than with other types of medical waivers. I encourage you to look the form over carefully, and to call me with any questions.

It has been our experience with other waivers that, for one reason or another, the applications submitted frequently omit information or reports that we are required to collect, causing us to have to return the applications. In order to help you complete this process as quickly and easily as possible, I will be happy to go over the form with you, to assure that you fully understand what is required. I can be reached at (651) 366-3674

Please let me know if you need additional information.

Sincerely,

Larry Johnson
State Programs Administrator
