

## DISCLAIMER

- 1. This data is not covered by any warranty.** MnDOT does not provide any warranty, express or implied, that the data is complete, accurate, up-to-date, or suitable for your intended use. This “disclaimer of warranties” applies even if you tell MnDOT how you plan to use the data.
- 2. The data is provided “As Is”.** You accept all risks associated with using this data including, but not limited to: erroneous data, or incomplete data.
- 3. You are responsible for how you choose to use this data, and MnDOT is not responsible.** It is up to you to determine whether and how to use this data. You are solely responsible for all risks and consequences arising from deciding to use this data. You cannot sue or make a claim against MnDOT in connection with using this data. MnDOT is not responsible for any damages resulting from your use of the data. This exclusion and waiver of damages applies regardless of whether those damages are actual, direct, indirect, consequential, incidental, special, or exemplary. MnDOT is not responsible for how you use the data even if you tell MnDOT how you plan to use the data.
- 4. You should provide this disclaimer to others you provide the data to.** This disclaimer is an important part of the data. If you share the data with anyone else, you should share this disclaimer as well.
- 5. All vehicles using State Highways are required to meet legal requirements per statute 169.80. Any vehicle not meeting these requirements must obtain a permit from the Office of Freight and Commercial Vehicles of MnDOT per statute 169.86.**

## BRIDGE VERTICAL CLEARANCE REPORT

The Minnesota Trunk Highway Bridge Vertical Clearance Report is a listing of structures on the Interstate and Trunk Highway system that are 10 feet or more in length that are owned or inspected by MNDOT.

Bridge numbers in parentheses are under construction.

**PERMITABLE VERT CLEARANCE** - Maximum permissible vertical clearance of the highway under the bridge. Permissible vertical clearance is the measured clearance minus an allowance for pavement overlays, settlement and appropriate clear distance between the load and bridge.

**MINNESOTA DEPARTMENT OF TRANSPORTATION  
BRIDGE VERTICAL CLEARANCE REPORT**
