St. Paul, MN 55155-1899

Phone: 651/ 215-6330
Fax: 651/ 366-3718

Dear Special Transportation Service (STS) Provider:

One of the requirements to comply with your STS certificate is to complete the initial STS provider education (MN Rules part 8840.5640). The Minnesota Department of Transportation's, Office of Freight and Commercial Vehicle Operations, offers you the following option to meet this requirement:

Online Training (E-Learning). This type of training allows you to learn from the comfort of your home or place of work, you can learn at your own pace, and it is available 24 hours a day from your computer. You will be issued a registration number at the completion of the training. This number must be reported to our office in order to receive your certificate of completion. Please e-mail, fax, or call our office to report the registration number that is issued to you (see below for contact information). STS online training can be found at: <http://www.dot.state.mn.us/cvo/stsElearning/>.

To assist you with the online training, please have a copy of the STS rules that were included in your initial STS packet. Or, you can view these rules on the Web at <http://www.dot.state.mn.us/cvo/sts.html>.

Remember, you have **90 days** to complete the STS education requirement. If after 90 days it has not been completed, your STS certificate will be voided.

To report your registration number, use the following contact information:
