

Week 21

DATE: October 28th 2015

The completion date for the project has been revised until June 17th, 2016. Traffic will be placed in 4 lanes starting on November 6th in all locations except near the new Kingsbury Creek Bridge. Traffic will be in a single lane over the bridge until the 2nd half is completed which is expected in late November.

The following construction activities will be worked on this week:

- Concrete walk and curb
- Utilities are being relocated near the new bridge
- Bituminous paving at numerous locations
- Signal systems will be worked on at Raleigh St. And 72nd.
- Bridge beams to be set Monday November 2nd.
- **Please drive with caution in the construction zone**

Traffic changes expected this week:

Traffic will be placed in 4 lanes on the project starting November 6th. 2 lane traffic will continue in the bridge location till the end of November. **Traffic delays can be expected on Monday November 2nd during the setting of bridge beams.**

Contact information about the project:

MnDOT Project website <http://www.dot.state.mn.us/d1/projects/Hwy23grand/index.html>

You can sign up on the web site for contacts and an e mail will be sent as project changes are updated. Updates will be posted weekly or as major changes to traffic occur on the project.
