

Weekly Construction Update S.P. 6910-89 Grand Avenue Reconstruction

Week 9

DATE: August 12, 2015

The following construction activities will be worked on this week:

- **The signal system located at Raleigh Street will be removed and replaced with a temporary signal system to allow for reconstruction of the intersection.**
- **Traffic control will be extended to the North end of the Project Thursday.**
-
- **Saw cutting and removals are continuing on the west bound lanes in the lane switch areas which will extend east to I-35 starting Thursday**
- **The Beams will be set on the Bridge Monday August 17th. Some traffic delays can be expected during beam placement.**
- **Concrete sidewalks are being place on the south end of the project**
- **Single lane traffic will be extended to Redruth Street.**
- **Please drive with caution in the construction zone as activity will be ramping up daily including more construction trucks and equipment at numerous locations. Work is located from 82nd Ave. West to Redruth Street.**
- **Entrance to the Zoo is at 71st ave west it will stay at this location for a few more weeks.**

Traffic changes expected this week:

The single lane will be extended to I-35 and the signal system at Raleigh will be replaced with a temporary system for the remainder of the project.

Contact information about the project:

MnDOT Project website <http://www.dot.state.mn.us/d1/projects/Hwy23grand/index.html>

You can sign up on the web site for contacts and an e mail will be sent as project changes are updated. Updates will be posted weekly or as major changes to traffic occur on the project.
