

**Weekly Construction Update
S.P. 6910-89
Grand Avenue Reconstruction
2016**

DATE: June 10, 2016

The following construction activities will be worked on next week:

- Traffic control
- Bituminous paving , final stripping , signs, project cleanup
- Sod
- Tree and Shrub planting
- Placement of concrete at various locations
- **Please drive with caution in the construction zone as traffic control will be changing almost daily due to the activity level as the project is nearing completion.**

Traffic changes expected this week:

Traffic has been placed in the SB lanes so milling and paving can begin in the NB lanes

A lane weave is in place at the bridge location

Work remaining this year.

Bituminous paving, final traffic markings, sod, tree planting, signs, general cleanup, driveway and street connection paving

The second Grand Ave project has started and traffic control is in place from 83rd ave west to the Becks Roads work is starting on both ends of the project and work will be ramping up next week.

Contact information about the project:

MnDOT Project website <http://www.dot.state.mn.us/d1/projects/Hwy23grand/index.html>

You can sign up on the web site for contacts and an e mail will be sent as project changes are updated. Updates will be posted weekly or as major changes to traffic occur on the project.
