Weekly Construction Update
6910-96
Avenue 2 Reconstruction
2016

DATE: October 4, 2016

The following construction activities will be worked on next week:

- **Culvert installation at various locations,**
- **Placement of new curb and gutter various locations**
- **Installation of signal system at Arbor/ 88th**
- **Placement of new concrete pavement**
- **Bituminous pavement**

Please drive with caution in the construction zone as traffic control will be changing almost daily due to the activity level as the project work moves from location to location

Traffic weaves are being changed often as work progresses please drive carefully as you travel thru the work zone. Traffic will be placed on the new bridge sometime next week. This will allow for the removal of the by pas at the bridge location.

Contact information about the project:

MnDOT Project website <http://www.dot.state.mn.us/d1/projects/Hwy23grand/index.html>

You can sign up on the web site for contacts and an e mail will be sent as project changes are updated. Updates will be posted weekly or as major changes to traffic occur on the project.
