

# Highway 25

## Buffalo to Monticello - District 3

### Location

Buffalo to Monticello

### Municipalities

Buffalo, Monticello

### Issue

Upgrade Highway 25 to a four-lane expressway

### Costs

Hwy 25	Construction	ROW	Total	Status
Buffalo to Monticello	\$25,000,000	\$11,000,000	\$36,000,000	2015-16 const.

### Background

Highway 25 is a medium priority interregional corridor and is considered "at risk." Traffic volumes on Highway 25 are rapidly growing due to the development of Wright County. Highway 25 is considered a high volume two-lane highway.

### Traffic Volume

The average annual daily traffic volume in 2006 on Highway 25 was 20,400 vehicles per day. The volumes are projected to grow to 33,800 by 2030.

### Safety

Ten fatal crashes have occurred in the last 21 years. Six of these fatal crashes have occurred between 1997 and 2006.

### Status

Project development has begun. Funding has been identified in fiscal years 2015/2016 to construct the project.
