1. Assess Needs

Conducted an inventory of transportation and human service transit providers

- Purpose to identify gaps in service
- 52 providers responded

2. Develop Strategies

Public Workshop was held in May 2011

- 46 attendees from public, private and non-profit organizations
- Coordination strengths and weaknesses identified
- Priority strategies were identified
- Brainstormed project ideas

3. Prioritize Projects

Projects were prioritized to implement strategies by the steering committee

- “Effort” versus “Impact” process
- Identified project champion, responsibility for implementation and timeline
- Section 5310, 5316 and 5317 projects must be consistent with recommendations
