Summary:									
This project is currently in the 2020 to 2023 STIP (sequence numbers 1218 & 1259) and was originally programmed for \$1,755,000. This amendment is for the cost increase from \$1,755,000 to \$2,733,220. There was no scope or length increase it is just a 100% design estimate. The Federal funds remained capped at \$1,404,000 so the overage will be covered by local funds, therefore fiscal constraint is maintained for the STIP.
