Dear Senators and Representatives:

I am pleased to share with you MnDOT's Annual Report on Major Highway Projects, which identifies major projects on the state trunk highway system.

As required by Minn. Stat. 174.56, as amended in 2012, this report includes 188 projects with cost estimates in excess of \$15 million in the Twin Cities metro area and in excess of \$5 million in Greater Minnesota. It includes projects that meet the cost estimate criteria and are either under construction, programmed or planned within the next 15 years. Projects currently under construction will be included in the report for two years following substantial completion.

Please let me know if you have any questions about this report or contact Mark Gieseke, director of MnDOT's Office of Capital Programs and Performance Measures, at Mark.Gieseke@state.mn.us or 651-366-3770.

Sincerely,
