Dear Senators and Representatives:

I am pleased to share with you MnDOT's Annual Report on Major Highway Projects, which identifies major projects on the state trunk highway system.

Per Minn. Stat. 174.56, projects with cost estimates in excess of \$25 million in the Twin Cities metro area and projects with cost estimates in excess of \$10 million in greater Minnesota are included in this report.

This annual report includes information on projects that meet the total project cost estimate criteria and are either under construction, programmed or planned within the next 15 years. Projects currently under construction are reported annually through the year of substantial completion.

Please let me know if you have any questions about this report, or you can contact Mark Gieseke, director of MnDOT's Office of Capital Programs and Performance Measures, at Mark.Gieseke@state.mn.us or 651-366-3770.

Sincerely,
