

MN/DOT BRIDGE LOG

The Minnesota Trunk Highway Bridge Log is a compilation of bridge structures on the Interstate and Trunk Highway system that are over 20 feet in length.

Bridge Listing by Highway, District and Reference Point

District

Bridge Number – The unique number assigned to the bridge. Bridge numbers in parentheses are under construction.

Feature Crossed – The feature intersected by the bridge

Location – The distance from a readily identifiable feature.

Reference Point – the reference point on the roadway at the bridge location
