# LANDOLL CORPORATION

## TRAILER FIVE YEAR LIMITED WARRANTY POLICY

Landoll Corporation warrants each new Trailer structure manufactured by Landoll Corporation to be free from defects in materials and workmanship. This limited warranty is subject to specific exclusions and does not apply to any trailer which has been: 1) subjected to or operated with loads which, at any time, have exceeded the trailer's rated capacity or design limits; 2) repaired or altered outside our factory in any way so as, in our judgment, to affect its stability or reliability; 3) subject to misuse, negligence, accident, or has been operated in a manner expressly prohibited in the instructions; or not operated in accordance with practices approved by Landoll Corporation. Trailer structure shall be considered the framework of the trailer (mainframe and/or rear frame weldment, gooseneck weldment and undercarriage weldment), which is fabricated by Landoll Corporation.

The sole obligation of Landoll Corporation under this warranty shall be limited to repairing or replacing, at its option, in accordance with the schedule below, a defective new Trailer structure which shall be identified to Landoll Corporation by way of a Landoll Corporation e-mail Warranty Claim Form within five (5) years from the date of registration of Trailer. Warranty, expressed or implied, will be denied on any Trailer not properly registered with the Landoll Corporation Warranty Department within ten (10) days of the first retail sale. Landoll Corporation Warranty Staff will identify components listed on a Warranty Claim required to be returned for further analysis. All parts returned to Landoll Corporation must be shipped with a Return Materials Authorization (RMA) provided by the Landoll Corporation Warranty Staff. Defective components must be returned by the purchaser to Landoll Corporation with transportation and freight charges prepaid within fifteen (15) days after receipt of the RMA. The examination conducted by Landoll Corporation of returned parts shall disclose to its satisfaction the extent the component may be defective.

Labor will be reimbursed in accordance with published shop rates pre-approved by the Landoll Corporation Warranty Staff. Time authorized for specific work will be limited, where appropriate, to the hours listed in the Landoll Corporation authorized Flat Rate Schedule.

The sole obligation of Landoll Corporation under this warranty shall be limited to repairing or replacing, at its option, in accordance with the schedule below, a defective new Trailer structure which shall be identified to Landoll Corporation by way of a Landoll Corporation e-mail Warranty Claim Form within five (5) years from the date of registration of Trailer. # LANDOLL CORPORATION

## TRAILER FIVE YEAR LIMITED WARRANTY POLICY

Landoll Corporation warrants each new Trailer structure manufactured by Landoll Corporation to be free from defects in materials and workmanship. This limited warranty is subject to specific exclusions and does not apply to any trailer which has been: 1) subjected to or operated with loads which, at any time, have exceeded the trailer's rated capacity or design limits; 2) repaired or altered outside our factory in any way so as, in our judgment, to affect its stability or reliability; 3) subject to misuse, negligence, accident, or has been operated in a manner expressly prohibited in the instructions; or not operated in accordance with practices approved by Landoll Corporation. Trailer structure shall be considered the framework of the trailer (mainframe and/or rear frame weldment, gooseneck weldment and undercarriage weldment), which is fabricated by Landoll Corporation.

The sole obligation of Landoll Corporation under this warranty shall be limited to repairing or replacing, at its option, in accordance with the schedule below, a defective new Trailer structure which shall be identified to Landoll Corporation by way of a Landoll Corporation e-mail Warranty Claim Form within five (5) years from the date of registration of Trailer. Warranty, expressed or implied, will be denied on any Trailer not properly registered with the Landoll Corporation Warranty Department within ten (10) days of the first retail sale. Landoll Corporation Warranty Staff will identify components listed on a Warranty Claim required to be returned for further analysis. All parts returned to Landoll Corporation must be shipped with a Return Materials Authorization (RMA) provided by the Landoll Corporation Warranty Staff. Defective components must be returned by the purchaser to Landoll Corporation with transportation and freight charges prepaid within fifteen (15) days after receipt of the RMA. The examination conducted by Landoll Corporation of returned parts shall disclose to its satisfaction the extent the component may be defective.

All labor and parts warranty MUST be authorized by Landoll Corporation Warranty Staff. Failure to do so will result in no warranty payment of any kind. Labor will be reimbursed in accordance with published shop rates pre-approved by the Landoll Corporation Warranty Staff. Time authorized for specific work will be limited, where appropriate, to the hours listed in the Landoll Corporation authorized Flat Rate Schedule.

**THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES OF MATERIAL, WORKMANSHIP, DESIGN, APPLICATION OR OTHERWISE WITH RESPECT TO ANY EQUIPMENT, WHETHER EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, AND OF ALL OTHER OBLIGATIONS OR LIABILITIES ON THE PART OF LANDOLL CORPORATION.**

## TRAILER FIVE YEAR LIMITED WARRANTY POLICY

Landoll Corporation warrants each new Trailer structure manufactured by Landoll Corporation to be free from defects in materials and workmanship. This limited warranty is subject to specific exclusions and does not apply to any trailer which has been: 1) subjected to or operated with loads which, at any time, have exceeded the trailer's rated capacity or design limits; 2) repaired or altered outside our factory in any way so as, in our judgment, to affect its stability or reliability; 3) subject to misuse, negligence, accident, or has been operated in a manner expressly prohibited in the instructions; or not operated in accordance with practices approved by Landoll Corporation. Trailer structure shall be considered the framework of the trailer (mainframe and/or rear frame weldment, gooseneck weldment and undercarriage weldment), which is fabricated by Landoll Corporation.

## TRAILER FIVE YEAR LIMITED WARRANTY POLICY

Landoll Corporation warrants each new Trailer structure manufactured by Landoll Corporation to be free from defects in materials and workmanship. This limited warranty is subject to specific exclusions and does not apply to any trailer which has been: 1) subjected to or operated with loads which, at any time, have exceeded the trailer's rated capacity or design limits; 2) repaired or altered outside our factory in any way so as, in our judgment, to affect its stability or reliability; 3) subject to misuse, negligence, accident, or has been operated in a manner expressly prohibited in the instructions; or not operated in accordance with practices approved by Landoll Corporation. Trailer structure shall be considered the framework of the trailer (mainframe and/or rear frame weldment, gooseneck weldment and undercarriage weldment), which is fabricated by Landoll Corporation.

The sole obligation of Landoll Corporation under this warranty shall be limited to repairing or replacing, at its option, in accordance with the schedule below, a defective new Trailer structure which shall be identified to Landoll Corporation by way of a Landoll Corporation e-mail Warranty Claim Form within five (5) years from the date of registration of Trailer. Warranty, expressed or implied, will be denied on any Trailer not properly registered with the Landoll Corporation Warranty Department within ten (10) days of the first retail sale. Landoll Corporation Warranty Staff will identify components listed on a Warranty Claim required to be returned for further analysis. All parts returned to Landoll Corporation must be shipped with a Return Materials Authorization (RMA) provided by the Landoll Corporation Warranty Staff. Defective components must be returned by the purchaser to Landoll Corporation with transportation and freight charges prepaid within fifteen (15) days after receipt of the RMA. # LANDOLL CORPORATION

## TRAILER FIVE YEAR LIMITED WARRANTY POLICY

Landoll Corporation warrants each new Trailer structure manufactured by Landoll Corporation to be free from defects in materials and workmanship. Trailer structure shall be considered the framework of the trailer (mainframe and/or rear frame weldment, gooseneck weldment and undercarriage weldment), which is fabricated by Landoll Corporation.

The sole obligation of Landoll Corporation under this warranty shall be limited to repairing or replacing, at its option, in accordance with the schedule below, a defective new Trailer structure which shall be identified to Landoll Corporation by way of a Landoll Corporation e-mail Warranty Claim Form within five (5) years from the date of registration of Trailer. Warranty, expressed or implied, will be denied on any Trailer not properly registered with the Landoll Corporation Warranty Department within ten (10) days of the first retail sale. Landoll Corporation Warranty Staff will identify components listed on a Warranty Claim required to be returned for further analysis. All parts returned to Landoll Corporation must be shipped with a Return Materials Authorization (RMA) provided by the Landoll Corporation Warranty Staff. Defective components must be returned by the purchaser to Landoll Corporation with transportation and freight charges prepaid within fifteen (15) days after receipt of the RMA. The examination conducted by Landoll Corporation of returned parts shall disclose to its satisfaction the extent the component may be defective.

All labor and parts warranty MUST be authorized by Landoll Corporation Warranty Staff. Failure to do so will result in no warranty payment of any kind. Labor will be reimbursed in accordance with published shop rates pre-approved by the Landoll Corporation Warranty Staff. Time authorized for specific work will be limited, where appropriate, to the hours listed in the Landoll Corporation authorized Flat Rate Schedule.

**THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES OF MATERIAL, WORKMANSHIP, DESIGN, APPLICATION OR OTHERWISE WITH RESPECT TO ANY EQUIPMENT, WHETHER EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, AND OF ALL OTHER OBLIGATIONS OR LIABILITIES ON THE PART OF LANDOLL CORPORATION.**

## TRAILER FIVE YEAR LIMITED WARRANTY POLICY

Landoll Corporation warrants each new Trailer structure manufactured by Landoll Corporation to be free from defects in materials and workmanship. This limited warranty is subject to specific exclusions and does not apply to any trailer which has been: 1) subjected to or operated with loads which, at any time, have exceeded the trailer's rated capacity or design limits; 2) repaired or altered outside our factory in any way so as, in our judgment, to affect its stability or reliability; 3) subject to misuse, negligence, accident, or has been operated in a manner expressly prohibited in the instructions; or not operated in accordance with practices approved by Landoll Corporation. Trailer structure shall be considered the framework of the trailer (mainframe and/or rear frame weldment, gooseneck weldment and undercarriage weldment), which is fabricated by Landoll Corporation.

The sole obligation of Landoll Corporation under this warranty shall be limited to repairing or replacing, at its option, in accordance with the schedule below, a defective new Trailer structure which shall be identified to Landoll Corporation by way of a Landoll Corporation e-mail Warranty Claim Form within five (5) years from the date of registration of Trailer. Warranty, expressed or implied, will be denied on any Trailer not properly registered with the Landoll Corporation Warranty Department within ten (10) days of the first retail sale. Landoll Corporation Warranty Staff will identify components listed on a Warranty Claim required to be returned for further analysis. All parts returned to Landoll Corporation must be shipped with a Return Materials Authorization (RMA) provided by the Landoll Corporation Warranty Staff. Defective components must be returned by the purchaser to Landoll Corporation with transportation and freight charges prepaid within fifteen (15) days after receipt of the RMA. The examination conducted by Landoll Corporation of returned parts shall disclose to its satisfaction the extent the component may be defective.

All labor and parts warranty MUST be authorized by Landoll Corporation Warranty Staff. Failure to do so will result in no warranty payment of any kind. Labor will be reimbursed in accordance with published shop rates pre-approved by the Landoll Corporation Warranty Staff. Time authorized for specific work will be limited, where appropriate, to the hours listed in the Landoll Corporation authorized Flat Rate Schedule.

**THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES OF MATERIAL, WORKMANSHIP, DESIGN, APPLICATION OR OTHERWISE WITH RESPECT TO ANY EQUIPMENT, WHETHER EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, AND OF ALL OTHER OBLIGATIONS OR LIABILITIES ON THE PART OF LANDOLL CORPORATION.**

## TRAILER FIVE YEAR LIMITED WARRANTY POLICY

Landoll Corporation warrants each new Trailer structure manufactured by Landoll Corporation to be free from defects in materials and workmanship. This limited warranty is subject to specific exclusions and does not apply to any trailer which has been: 1) subjected to or operated with loads which, at any time, have exceeded the trailer's rated capacity or design limits; 2) repaired or altered outside our factory in any way so as, in our judgment, to affect its stability or reliability; 3) subject to misuse, negligence, accident, or has been operated in a manner expressly prohibited in the instructions; or not operated in accordance with practices approved by Landoll Corporation. Trailer structure shall be considered the framework of the trailer (mainframe and/or rear frame weldment, gooseneck weldment and undercarriage weldment), which is fabricated by Landoll Corporation.

The sole obligation of Landoll Corporation under this warranty shall be limited to repairing or replacing, at its option, in accordance with the schedule below, a defective new Trailer structure which shall be identified to Landoll Corporation by way of a Landoll Corporation e-mail Warranty Claim Form within five (5) years from the date of registration of Trailer. Warranty, expressed or implied, will be denied on any Trailer not properly registered with the Landoll Corporation Warranty Department within ten (10) days of the first retail sale. Landoll Corporation Warranty Staff will identify components listed on a Warranty Claim required to be returned for further analysis. All parts returned to Landoll Corporation must be shipped with a Return Materials Authorization (RMA) provided by the Landoll Corporation Warranty Staff. Defective components must be returned by the purchaser to Landoll Corporation with transportation and freight charges prepaid within fifteen (15) days after receipt of the RMA. The examination conducted by Landoll Corporation of returned parts shall disclose to its satisfaction the extent the component may be defective.

All labor and parts warranty MUST be authorized by Landoll Corporation Warranty Staff. Failure to do so will result in no warranty payment of any kind. Labor will be reimbursed in accordance with published shop rates pre-approved by the Landoll Corporation Warranty Staff. Time authorized for specific work will be limited, where appropriate, to the hours listed in the Landoll Corporation authorized Flat Rate Schedule.

**THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES OF MATERIAL, WORKMANSHIP, DESIGN, APPLICATION OR OTHERWISE WITH RESPECT TO ANY EQUIPMENT, WHETHER EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, AND OF ALL OTHER OBLIGATIONS OR LIABILITIES ON THE PART OF LANDOLL CORPORATION.**
