Please Welcome,

Steve Blaufuss as the Technology Transfer Specialist. Steve will provide support to the MOR program and assist with technology transfer within and across district lines, which will include seeking out and sharing "grassroots" field innovations throughout the agency. Steve has worked for the past 9 years in District 7 and brings a lot of maintenance experience to this new innovative position. Steve can be reached at 651/216-9885

2011-2013 Biennial Report

The Office of Maintenance Research section will deliver the 2011-2013 Statewide Biennial Report soon. This report has many of the current applied research projects, completed projects with conclusions, project recommendations, project contacts and vendor information. It also has lists of: current and past implementation projects, program history, budget information and much more.
