Transportation Research
Conference May 24-25
St Paul, MN
Contact: Julie Grazier
612/624-3708**

Skid Steer Rubber Track Project

**This is a completely rubber track and tire re-
placement system which allows for more
versatility from the skid steer. Special tires
with reinforced sidewalls are used to aid in
dependability and for longer life.**

**For more information contact;
Bob Langanki TGS
District 6E Rochester
507/285-7402**
