

HOW TO CONTACT MNDOT

If you need help in getting a RW map or with using any of the Right of Way Mapping and Monitoring tools you can contact MNDOT by following these steps.

1. Click on the tools tab.
2. When the tools window opens. Click on the contact button.
3. The contact us box will open.
4. Type your name under the name field.
5. Your email address in the email field.
6. Type a brief summary of what you are having troubles with and a phone number that we can reach you with.
7. Once everything is filled out click the submit button.
