

## Open House Notice MN Highway 101 Scoping Study Chanhassen, Minnesota

You are invited to an Open House to learn more about potential future improvements to MN Highway 101 from Lyman Boulevard to Old Highway 212. The meeting will be held as follows:

**Date:** Wednesday, February 28th, 2007  
**Time:** 5:00 – 7:30 p.m.  
**Location:** Chanhassen Library - Wilder Room  
7711 Kerber Boulevard, Chanhassen

The purpose of the Open House is to review the alignment concept selected to serve long term needs in the corridor. The Central Alignment Alternative (thick blue line on the graphic to the right) has emerged as the recommended alternative. Selection of a preferred alignment allows public agencies and private interests to plan for future improvements. Future phases of study include official mapping, environmental review, design, and ultimately construction. No funding or year of construction is defined at this time.

This is the last of three Open Houses held for this scoping study. It is an opportunity for you to informally discuss details of the recommended concept with the study team. City, County, State and consultant staff will be available to respond to your questions. The Open House will be informal with no scheduled presentation so you are welcome to arrive at your convenience. There will be more detailed maps available for review and also opportunities for you to provide written comments.

More information is available on Mn/DOT's website at [www.dot.state.mn.us/metro/projects/101chanhassen](http://www.dot.state.mn.us/metro/projects/101chanhassen). Monitor this website for updates after the open house including posting of the Final Study Report. If you have questions but cannot attend the Open House, you may contact the following persons for more information:
