III. ACKNOWLEDGEMENTS

This Visual Quality Manual (VQM) for the St. Croix River Crossing Project was prepared by the Minnesota Department of Transportation and the Wisconsin Department of Transportation (the DOTs), with assistance from a Consultant Team and a Visual Quality Review Committee (VQRC). The DOTs and the Consultant Team would like to thank the VQRC members for their significant input and collaboration. The VQRC included representatives of the following agencies and interests:

- City of Oak Park Heights, MN
- City of Stillwater, MN
- Town of St. Joseph, WI
- St. Croix County, WI Board of Supervisors
- St. Croix County, WI Transportation Committee
- Stillwater Heritage Preservation Commission
- Minnesota Center for Environmental Advocacy
- Friends of the St. Croix
- Western Wisconsin Realtors Association
- MN Department of Natural Resources, Division of Waters
- WI Department of Natural Resources
- Minnesota State Historic Preservation Office
- Federal Highway Administration
- National Park Service, St. Croix National Scenic Riverway

CONSULTANT TEAM

The Consultant Team was led by Edwards and Kelcey, with assistance by CH2M HILL, CNA Consulting Engineers, Hess Roise and Co., Illumination Arts, Jones & Jones, Kevin Hart Architecture, Martin & Pitz, Modjeski & Masters, Savanna Design, T.Y. Lin International, and Wilkinson Eyre.

DOT REPRESENTATIVES

Representatives from the Minnesota Department of Transportation and the Wisconsin Department of Transportation participated through the Visual Quality Team and the Project Development Team. The members representing these teams are:

VISUAL QUALITY TEAM

Visual Quality Team Project Manager (Mn/DOT)

Bridge Planning Engineer (Mn/DOT)

Bridge Architectural Manager (Mn/DOT)

Structures Design Unit Supervisor (WisDOT)

Landscape Development Program Manager (WisDOT)

PROJECT DEVELOPMENT TEAM

East Area Engineers (Mn/DOT)

Project Engineer (Mn/DOT)

NW Region Planning Projects Engineer (WisDOT)
