

# National Road Research Alliance (NRRRA)

## Geotechnical Team Meeting

Thursday, October 11, 2018  
12:30 pm – 1:30 pm (CST)

1. Welcome & Introductions
2. NRRRA General
  - a. Ideas for New Test Sections
    - i. Enter ideas at: <http://www.dot.state.mn.us/mnroad/newideas.html>
    - ii. Discussion
  - b. Ideas for new research
    - i. Enter ideas at: <http://www.dot.state.mn.us/mnroad/newideas.html>
    - ii. 2016 ideas listed – if you still think one is valid enter it into the system.
    - iii. Discussion
  - c. Timing for new research items
    - i. September online system started (team members asked to enter ideas)
    - ii. October 2018 – Brainstorm Ideas and look at Website
    - iii. November 2018 – Discussion of ideas / Prioritize
    - iv. Nov ~15 close ideas ☑ share list with teams for vote if needed
    - v. Nov ~30 deadline for voting
    - vi. December 2018 – Finalize/work on workplan for contracting
    - vii. Dec 15th send out for contracting
    - viii. Feb 2019 – Contracts start
3. NRRRA Long Term Research Day – November 20<sup>th</sup>. Information was in the newsletter and additional information will be coming out.
4. Update on Research Projects
  - a. TPF-5(341) Determining Pavement Design Criteria for Recycled Aggregate Base and Large Stone Subbase
    - i. Project Updates on Task 3  
  
Task 3 Report  
Effects of Geosynthetics (from field test data)
    - ii. Project Updates on Task 4  
  
ISU Lab Testing Plan  
Soil Classification  
Image Analysis  
Proctor & Gyrotory Compaction  
Asphalt & Cement Content Determination  
Contact Angle Measurement
5. Other Items
