

FLY-OVER LAND? WE'RE SO MUCH MORE

8 REASONS TO WORK FOR MNDOT THIS SUMMER

GAIN SKILLS I BUILD NETWORKS I MAKE A DIFFERENCE

"My MnDOT internship reaffirmed my desire for a career in public service and turned me onto the world of transportation. I got my degree in Geography and Cartography/GIS, and this opportunity gave me a practical outlet for my skills while also educating me in field-specific subject matter."

- Chris Morgan, 2016 MnDOT Planning Intern, Current MnDOT Aeronautics Planner

APPLY FOR A MNDOT INTERNSHIP BY FEBRUARY 27, 2017

Some of the country's best biking

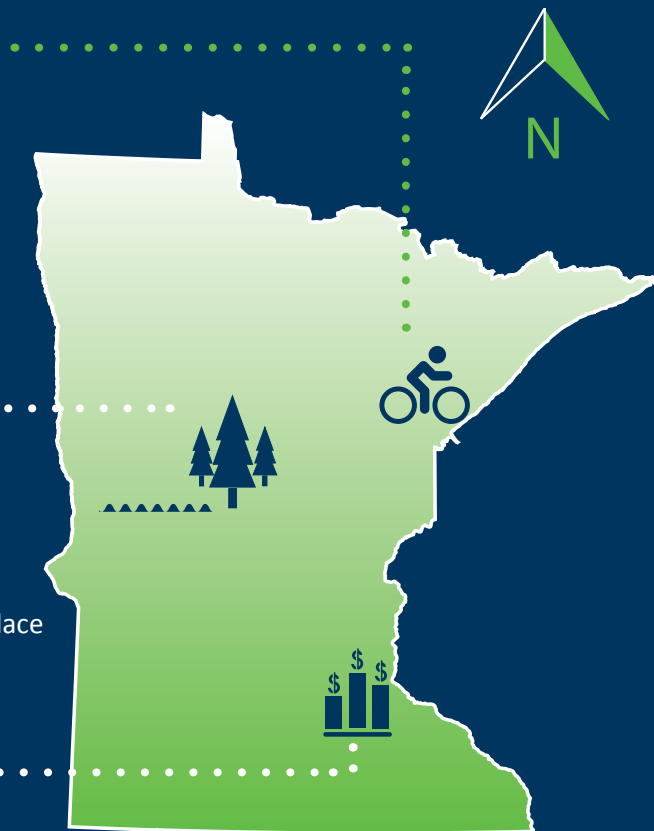

We know it's not Minnesotan to boast, but it's true. From the gravel, hills, and bluffs of Southeastern Minnesota, to the Protected Bikes Lanes and Midtown Greenway in Minneapolis, we've got you covered. Including mountain biking. Like, a lot of it.

Land of 10,000 lakes

Enjoy our lakes and rivers this summer. From canoeing the Wild and Scenic St. Croix to wake-boarding on Lake Minnetonka, you're sure to find your place on the water.

Eat, drink, and don't break the bank

The cost of living is lower here than in other major cities. You'll spend less of your hard-earned paycheck on the basics like food and rent. Use your extra cash to try out one of our 111 local breweries -- some even brew with Minnesota-grown hops!

MnDOT leads the way

At MnDOT, you'll work with nationally recognized planning staff. Most recently, the FHWA and FTA jointly awarded our highway investment plan their 2015 Transportation Excellence Award.

Professional development

From facility tours to social activities, our internship provides opportunities to learn and reflect beyond your basic workplan.

Successful alumni

Our alumni go on to do great things, whether they become agency planners, consultants or advocates! At MnDOT, you'll gain the skills you need to launch your transportation career.

Sunny and 80? You bet. Minnesota has **more days of sunshine** than Illinois or Indiana.

Minnesota is the **perfect blend of natural beauty and urban sophistication**. Whether you're looking for four-star dining or stargazing, there is always something to do.
