RE: Tiger II Grant

To Whom It May Concern,

The Mille Lacs Area Tourism Council would like to express its support to the Garrison area for the Tiger II Grant Funds.

These projects would be a great economic benefit and improve the competitiveness of the Garrison area to attract visitors which would increase revenues for all area businesses. It would also add efficiency and safety to the benefiting areas.

These improvements to trails, public areas, shorelines, etc. can only make the Garrison area more appealing to live, work and visit for everyone.

Sincerely,

Tina Chapman
Executive Director
