Garrison MN 56450

To Whom It May Concern,

I would like to cast my vote in SUPPORT of the Tiger II Project. My partner, John Przymus and myself, own Garrison Creek Marina. The Garrison Creek Marina, Garrison Creek Golf Course, and RV Park, as well as the Harbor Inn Bar/Restaurant, are all a part of the project. The Marina is a very unique property in that we were able to plat individual slips to sell in the best enclosed marina on Lake Mille Lacs. We have also recently platted the RV Park on a 9-hole golf course. The end product would be to own your own slip and RV site with all the amenities for less than \$50,000.00. We feel this is very affordable in today's market.

The Tiger II Project would certainly help bring the vision to fruition. The economic benefits of this would be huge to all. We currently hire many local people and as the project develops we would most certainly have the need to hire additional people. Anything I can do to encourage approval of this Grant, please don't hesitate to ask.

Sincerely,

Richard LaVoie
