To Whom It May Concern,

Tiger II Project

Everyday when I try to turn onto Hwy 169 , I cant believe all the traffic. As I follow the cars I notice most of them do not stop in Garrison. I think why doesn't anybody ever stop, but it is now obvious, there isn't really any reason to stop in this town except for gas.

I am currently unemployed, and engaged to a local contractor. With the approval of the Tiger II project, I am in hopes I could get a job, take our marriage off hold, perhaps start a family. This project clearly won't solve all my issues, but it could certainly help change things for us.

Thank you,
