

Table of Contents

Executive Summary	ES-1
Vision for Rail.....	ES-2
System Costs	ES-5
Passenger Rail Performance and Benefits	ES-6
Rail System Development and Funding Responsibilities	ES-7
Other Societal Benefits	ES-10
1 Overview and Vision	1-1
1.1 Background and Purpose of Study	1-1
1.2 Freight Rail System Vision.....	1-2
1.3 Passenger Rail Vision	1-5
1.4 Categories of Passenger Rail	1-6
1.5 Investment Needs	1-6
1.6 Management Approach	1-17
1.7 Financing	1-18
1.8 Stakeholder and Public Outreach	1-23
2 Existing Rail System	2-1
2.1 Railroad Industry Organization and Investment Strategies.....	2-1
2.2 Composition of Minnesota’s Freight Railroad Industry	2-1
2.3 Freight Rail Industry Environment	2-8
2.4 What’s Next for the Freight Rail Industry?	2-13
2.5 Freight Rail Investment and Financing Practices	2-16
2.6 Value of Rail Industry to Minnesota.....	2-16
2.7 Passenger Rail.....	2-18
3 Forecasts.....	3-1
3.1 Minnesota Economic Overview	3-1
3.2 Freight Demand in Minnesota.....	3-8
3.3 Passenger Demand	3-24
4 Investment Needs	4-1
4.1 Methodology	4-1
4.2 Freight-Only Corridor Needs	4-10
4.3 Shared Freight and Passenger Rail Corridors	4-25
4.4 High-Speed Rail Passenger Service Needs	4-36
4.5 Cost of Project Implementation	4-41
5 Performance Assessment	5-1
5.1 Passenger Evaluation	5-1
5.2 Freight Evaluation.....	5-13
5.3 Benefits and Costs of the Program	5-18
6 Institutional Relationships	6-1
6.1 Minnesota Agency Organization and Rail Program	6-2
6.2 Minnesota Public Rail Programs	6-8
6.3 Rail Agency Organization and Programs in Other States.....	6-17
6.4 Management Plan for Minnesota	6-27

**Minnesota Comprehensive Statewide Freight
and Passenger Rail Plan**

7 Financial Program..... 7-1
7.1 Federal Funding..... 7-1
7.2 Financial Plan 7-4
A List of Outreach Activities and Committees A-1
