

Southeastern Minnesota Freight Rail Capacity Study

Project Advisory Committee

Project Advisory Committee Meeting

Wednesday, October 3, 2012

5:00 PM – 7:00 PM

Rochester Public Library

Meeting Goal: This PAC Meeting will be focused on the current freight rail service through Rochester and will identify various scenarios for freight rail capacities that could be needed in the future for modeling. Later in the study, these modeling results will provide information on what changes or improvements, if any, are needed to meet various capacity scenarios.
