

# Project Management & P6 Scheduling Shared Service Center (SSC) Summary

April 6, 2015

## SSC Overview

The Project Management Shared Service Center (SSC) provides support and resources to improve “on-time and on-budget” project delivery. The initial focus of the SSC will be on scheduling, with advancing into more scope, cost estimating, and other project management functions.

## SSC Staff

The SSC is serviced by a combination of MnDOT staff and consultants funded through the SSC budget. Listed below are the MnDOT employees who can assist you.

**District 1, 2 and 3**  
Michelle Rognerud (Lead)  
Greg Moulton

**District 4, 6, 7, 8**  
Tim Zamzow (Lead)  
Dan Swanson

**Metro and Central Office**  
Wendy Kufner (Lead)  
Joe Tiberio  
Carol Segl

**Building Services**  
Greg Moulton (Lead)

## SSC Services

The P6 Scheduling Shared Service Center provides support for:

- Preconstruction schedule development and analysis
- Construction schedule review, time impact analysis
- Project management plan and project charter development
- Risk, scope and cost management consultation and strategies
- Alternative delivery selection analysis
- Project management training and coaching
