Temporary Pedestrian Access Route (TPAR) devices

Pedestrian Channelizers & Pedestrian Railing Systems

MnDOT does not maintain an Approved Products List for Pedestrian Channelizer and Pedestrian Railing System devices. The installer of these devices and systems must self-certify that they comply with all the specifications found in [Part 6 of the MN Manual on Uniform Traffic Control Devices](#) and the [November 2005 version of the Public Right-Of-Way Accessibility Guidelines \(PROWAG\)](#). Dimensions and other requirements may be found on [Figure 6K-12](#) of the *Temporary Traffic Control Zone Layouts Field Manual*.

Sidewalk Barricades

MnDOT does not maintain an Approved Products List for Sidewalk Barricades. The installer of these devices must self-certify that they comply with all the specifications found in [Part 6 of the MN Manual on Uniform Traffic Control Devices](#) and the [November 2005 version of the Public Right-Of-Way Accessibility Guidelines \(PROWAG\)](#). Dimensions and other requirements may be found on [Figure 6K-12](#) of the *Temporary Traffic Control Zone Layouts Field Manual*.

Temporary Curb Ramps

MnDOT does not maintain an Approved Products List for Temporary Curb Ramps. The installer of these devices must self-certify that they comply with all the specifications found in [Part 6 of the MN Manual on Uniform Traffic Control Devices](#) and the [November 2005 version of the Public Right-Of-Way Accessibility Guidelines \(PROWAG\)](#). Dimensions and other requirements may be found on [Figure 6K-13](#) of the *Temporary Traffic Control Zone Layouts Field Manual*.

Temporary Walkway Surfaces

MnDOT does not maintain an Approved Products List for Temporary Walkway Surfaces. The installer of these devices must self-certify that they comply with all the specifications found in [Part 6 of the MN Manual on Uniform Traffic Control Devices](#) and the [November 2005 version of the Public Right-Of-Way Accessibility Guidelines \(PROWAG\)](#). Dimensions and other requirements may be found in [Part 6F.74.1 of the MN MUTCD](#).

Detectable Warning Surfaces (Temporary Truncated Domes)

MnDOT does not maintain an Approved Products List for Detectable Warning Surfaces (Temporary Truncated Domes). The installer of these devices must self-certify that they comply with all the specifications found in [Part 6 of the MN Manual on](#)

[Uniform Traffic Control Devices](#) and the [November 2005 version of the Public Right-Of-Way Accessibility Guidelines \(PROWAG\)](#). Dimensions and other requirements may be found in section [R304 of PROWAG](#).

Audible Message Devices

MnDOT is currently working on developing specifications for Audible Message Devices. An Approved Products List is coming soon.
