**GENERAL INSTRUCTIONS**

Applications must be received to allow time to process the application and still carry out the necessary operations, such as pruning or transplanting during the proper season.

A billboard will be considered to be screened if the “approach distance” is less than 250 feet when the posted speed limit is under 35 MPH and less than 350 feet when the speed limit is over 35 MPH. The “approach distance” is defined as that distance measured along the line of travel from the point the sign becomes fully visible to the point at which a vehicle passes by the center of the sign.

All work on the highway right of way will be done either by the Department’s highway landscape crews or by approved private crews employed by the billboard owners.

All work on highway right-of-way will be done at the discretion and to the satisfaction of the Area Maintenance Engineer either by (1) Mn/DOTS maintainace crews ; or (2) by a qualified contractor hired by the requestor or (3) by qualified private landscape crews employed by the requestor.

All costs of trimming, pruning, moving, planting or relocating the trees or other plan materials shall be borne by the owner of the advertising devices or the owner of the real property on which it is located.

Draw here or attach sketch showing existing sign, legend, highway, kind, size and location of vegetation. A photograph would be desirable. Scale: 1” – 100’.
