

Unsure how to meet FHWA's Sign Retroreflectivity Requirements?

The **Minnesota LRRB** has updated the resource “**Sign Retroreflectivity – A Minnesota Toolkit**”, to reflect the current sign retroreflectivity requirements. This toolkit is designed to provide local governments, especially small cities and townships, with guidance on FHWA's sign retroreflectivity deadlines as well as resources they can use to meet these deadlines.

The toolkit includes a variety of resources:

- **Federal Requirements**
- **Resources**
 - Know your Retro – FHWA
 - 2014 Traffic Sign Retroreflectivity Sheeting Identification Guide
 - MN MUTCD Requirements
 - Sign Assessment and Management Methods fact sheets
- **Appendix A:** Examples of Sign Inventories
- **Appendix B:** Examples of Sign Policies
- **Appendix C:** Examples of Sign Management Agreements
