

## *Municipal (MSAS) Traffic Counting*

The current Municipal State Aid Traffic Counting resolution reads:

That future traffic data for State Aid Needs Studies be developed as follows:

1. The municipalities in the metropolitan area cooperate with the State by agreeing to participate in counting traffic every two or four years at the discretion of the city.
2. The cities in the outstate area may have their traffic counted and maps prepared by State forces every four years, or may elect to continue the present procedure of taking their own counts and have state forces prepare the maps.
3. Any city may count traffic with their own forces every two years at their discretion and expense, unless the municipality has made arrangements with the Mn/DOT district to do the count.

In 1998, cities were given the option of counting on a 2 or 4 year cycle.

In 2008, cities were given the option to revise their 2 or 4 year cycle as well as the count year.

In 2009, cities were given the option to move to a 4 year cycle with the option to count a subset of locations in the “off cycle” or 2<sup>nd</sup> year of a 4 year cycle (they will only receive new count materials if these choose to count)

See Metro and Outstate counting schedules below

(Note that Chisago County MSAS are grouped with the Outstate schedule)

**Metro Municipal Traffic Counting Schedule** (publication year, city name, two or four year cycle)

Stewartville	Redwood Falls	Monticello	New Prague	Rochester **	Redwood Falls	Monticello
Willmar	Saint Peter	Northfield	North Branch	Stewartville	Saint Peter	Northfield
Zimmerman	Sauk Rapids	Otsego	Saint Joseph	Willmar	Sauk Rapids	Otsego
	Thief River Falls	Saint Michael	Sartell	Zimmerman	Thief River Falls	Saint Michael
	Virginia	Waseca	St. Cloud		Virginia	Waseca
	Worthington		Waite Park		Worthington	
	Winona		Wyoming		Winona	

\* Duluth counts approximately 1/4 of the city each year

\*\* Up until 2012 Rochester was counted every two years (rotating between the city and MnDOT)

\*\*\* No longer a city over 5000

Portions of St. Cloud are always being counting due to it crossing into 3 different counties
