conference code: 1658926687

**Presenter: Janelle Anderson**

Janelle Anderson is the Minnesota Department of Transportation's Tort Claims and Traffic Standards Engineer. She holds a bachelor's degree in Civil Engineering from the University of North Dakota and is a registered professional engineer. For the past almost 32 years she has held various positions at MnDOT, including Design Engineer, Pre-Design/Hydraulics Engineer, Materials Engineer, and Traffic Engineer for District 4 in west-central Minnesota. She joined MnDOT's Regional Transportation Management Center (RTMC) in Roseville in 2006 and worked as the Incident Management Engineer and MnPASS Operations manager for over 3 years. She has been in her current position for over 5 years. She is a member of Minnesota's Institute of Traffic Engineers.

**Presentation Overview**

Have you ever hit a pothole on the road and wondered who is liable for the damage to your car? When does MnDOT pay for damage to cars or property? Janelle will go over MnDOT's Tort Claims process and talk about what claims we pay and why. She will also go over some statistics on how many claims we process, how many we pay, how much we pay, etc.
