### Designer Notes:

1. **Typical Application for Reference Only, Not to Be Inserted into Plan.**

2. **NOT TO SCALE**

3. **Intersection of Multi-Lane Divided Two-Lane, Two-Way Operation at 4SW = 4 Inch Solid Line White Wet Reflective 4DY = 4 Inch Double Solid Line Yellow Wet Reflective 24SW = 24 Inch Solid Line White Wet Reflective**

4. **Sign if congestion is expected, if advance signing to divert traffic is needed, or other conditions determined by the Engineer.** (Modified) OR G20-X2 sign for Seven Day Advance Warning of Restriction. Removed or covered for pay item quantities.

5. **Consider the installation of a PCMS and/or G20-X1 sign.**

6. **List all conflicting inplace signing that must be modified, covered, and/or removed.**

7. **Includes signing, modifications, and possible turn restrictions before beginning work at or near any signalized intersection.**

8. **Distance plagues may be used as determined by the designer.**

9. **A commissioner's authorization is required if a 24/7 construction speed limit is to be used.**

10. **Install surface mounted delineators at 4/2 spacing for the first 250 foot distance from each crossover.**

11. **Mask or remove all conflicting pavement markings, determine quantity of markings to be removed or covered for pay item quantities.**

12. **All temporary pavement markings shall be a wet reflective material.**

13. **List all conflicting inplace signing that must be modified, covered, and/or removed.**

15. **Contact appropriate road authority for signal timing, signal head location, and possible turn restrictions before beginning work at or near any signalized intersection.**

16. **Optional Wrong Way Pavement Message.**

17. **Optional Wrong Way Pavement Message.**

18. **Optional Wrong Way Pavement Message.**
