Minnesota Statute 270C.72 requires all licensing authorities to require applicants to provide the applicant's Social Security number and Minnesota business identification number on all license applications. These numbers must be provided to the Commissioner of Revenue upon request along with the applicant's name and address and the business name and address.

We want you to know that Social Security numbers and Minnesota business identification numbers will be treated as private data under the Minnesota Government Data Practices Act. This form was created to gather the information separate from the rest of the license application. While the rest of the license application becomes part of the public file, this data will be kept in a secure file and the actual form will be destroyed.

If you would like to know more about the requirement for this data and how the data will be treated we suggest that you use these links:
