As applicable, an authorized inspector must inspect your vehicle before you are able to obtain and/or renew your vehicle cab card. All cab cards expire annually. It is crucial for **you to be aware of the expiration date and allow enough time (preferably one month prior to the expiration) to get your vehicle inspected. If you choose to have your vehicle inspected by MnDOT, you must call the dedicated vehicle inspection scheduling line **651-366-3648**, to schedule an appointment. The outgoing message will prompt you to leave a message and one of the schedulers will return your call.

Unless otherwise instructed by the scheduler, MCP carriers located in or near the seven county metropolitan will be asked to bring their vehicles to MnDOT's inspection sight located at 1912 East 66th Street, Richfield, MN. **SEE MAP -By Appointment ONLY-**

Note: MnDOT inspection appointments are frequently about 3 weeks out. You may want to utilize a certified annual inspector in your area for your annual vehicle inspection(s).

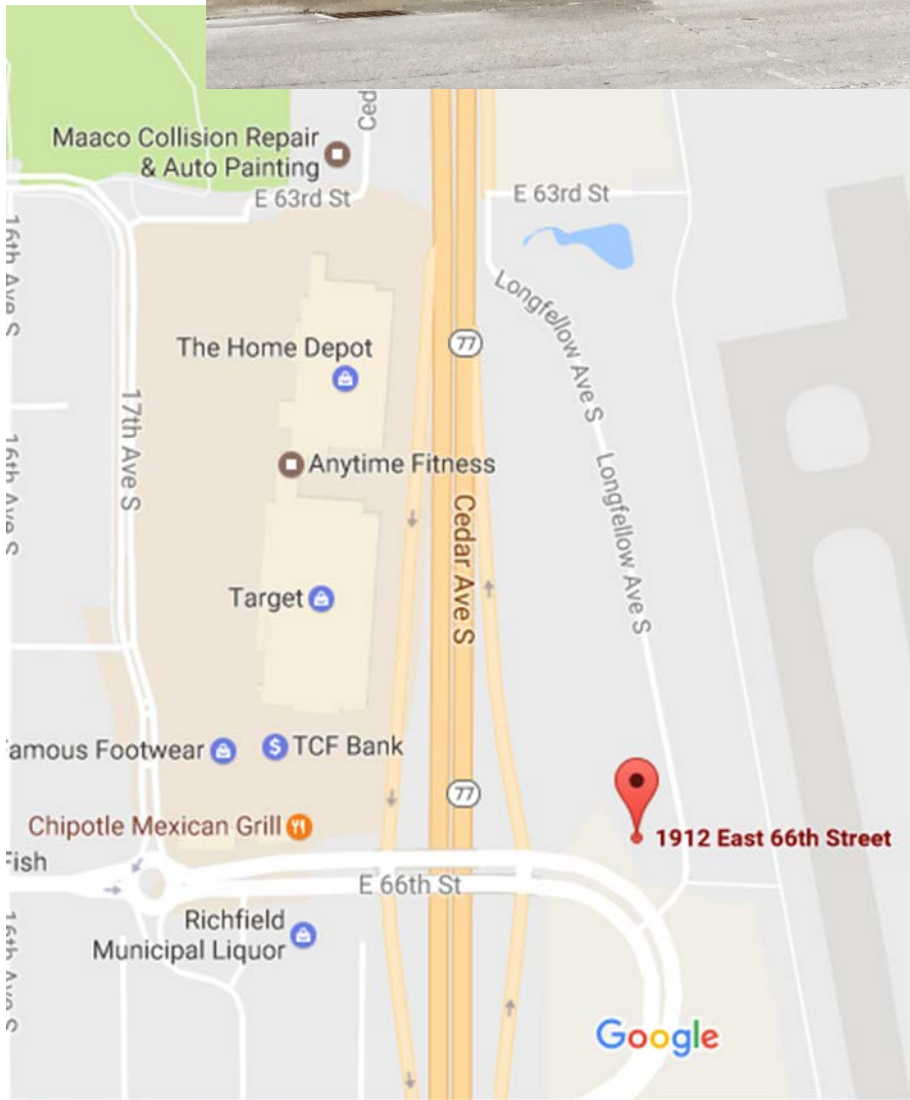

You will not be issued a new cab card until your vehicle has been inspected. The inspector will provide you with a copy of the completed inspection report. **IT IS THE ONLY COPY YOU WILL RECEIVE.** It is **YOUR** responsibility to provide the CREDENTIALS UNIT with a copy of your satisfactory inspection report before you can obtain your specific vehicle credential.

If you have questions about the vehicle inspections, please call 651-366-3648. Thank you.
