

STS Vehicle Decal Information

Required to Provide Service

No vehicle may be used to provide special transportation service until it has been inspected by MnDOT and displays a valid decal. A decal is valid for one year and always expires at the end of the month.

Example: If a decal was issued in March of 2019, it would expire on March 30 of 2020.

Invoice Process

After a vehicle passes inspection, the decal is issued immediately and placed on the vehicle by the inspector. An invoice is mailed to the provider.
