

Voluntary Surrender

What is a Voluntary Surrender?

A voluntary surrender allows a provider to voluntarily cancel their Certificate of Compliance to avoid suspension or cancellation by MnDOT of their Certificate of Compliance.

When do providers need a Voluntary Surrender?

Providers may need to temporarily suspend their Special Transportation Service for a period of time due to circumstances such as extended travel, inability to maintain insurance coverage or other operational issues. In such cases they would notify MnDOT by submitting a Voluntary Surrender. This would relieve the provider of their statutory obligations.

How long does it last?

It is in effect until the provider reapplies for a Certificate of Compliance.

Can a STS provider provide services while a Voluntary Surrender is in effect?

No. A provider must have a current Certificate of Compliance on file to be able to provide Special Transportation Services.

Will the vehicle(s) need to be inspected when the provider reapplies for a certificate of compliance?

Inspection dates are determined by the date on the decal.

Where do I get a Voluntary Surrender form?

Online (www.mndot.gov/cvo/sts) or from the Office of Freight and Commercial Vehicle Operations.
