

# TH 87 Segments 2 and 3 - Residential No Parking Option

## Corridor Wide Improvements

- A** 2 lane urban section
- B** Separated continuous protected shared use path
- C** Continuous concrete walk

## Pros/Cons to the No Parking Option

### Pros:

- Consistency of thru lane width is carried throughout corridor
- Sight distance at 2nd St is improved
- Fewest number of impacts to walk width and trail buffer

### Cons:

- Parking is eliminated
- Wide pavement section

Segment 2 - Causeway

Segment 3 - Residential Area  
No Parking Option
