

# RED WING BRIDGE

## Maze

Find your way through the construction site.

A large maze occupies the center of the page. To the left of the maze is a vertical crane. To the right is a construction site illustration showing a bridge under construction over water, with clouds in the sky. To the right of the maze are several icons: a hard hat, a warning sign with an exclamation mark, a person walking, a safety vest, and two I-beams. A large arrow labeled "START" points to the left side of the maze, with two smaller arrows pointing down into the maze's path.
