

## NEIGHBORHOOD MEETING NOTICE

Wednesday, March 14, 2018  
6:00 pm - 8:00 pm (Presentation starts at 6:00 pm)

Red Wing Public Library – Foot Room  
225 East Avenue  
Red Wing, Minnesota

### Re: 3<sup>rd</sup> Street/Bush Street Intersection and 3<sup>rd</sup> Street Midblock Crossing Reconstruction Project In Downtown Red Wing and Update on 3<sup>rd</sup> Street/Plum Street Intersection Work Due to Bridge Project

You are invited to attend a neighborhood meeting about the proposed reconstruction project involving the intersection of 3<sup>rd</sup> Street and Bush Street and the midblock pedestrian crossing on 3<sup>rd</sup> Street by Jordan Court. Since you are an owner, resident, or tenant affected by this proposed project, we hope you are able to attend this meeting on Wednesday, March 14<sup>th</sup> at the time listed above. Construction is scheduled for summer 2018. Please see the reverse side of this notice for a map of the affected area.

The city has been working on the 3<sup>rd</sup> Street/Bush Street and 3<sup>rd</sup> Street midblock crossing designs since the last meeting in February 2017. At the March 14<sup>th</sup> meeting, we will have more detailed information regarding intersection design and construction activities, so gather your questions and concerns and join us. City staff will be present to answer any questions you may have about the project. MnDOT staff will also be in attendance at the meeting to give an update on the upcoming construction at the 3<sup>rd</sup> Street/Plum Street intersection due to the bridge project.

The following issues will be discussed at this meeting:

- Intersection/crossing design
- Sidewalk replacement
- Parking during and after construction
- Accessibility
- Closure of 3<sup>rd</sup> Street/Bush Street intersection for project work
- Closure of 3<sup>rd</sup> Street at midblock crossing for project work
- Impacts to 3<sup>rd</sup> Street/Plum Street intersection due to the bridge reconstruction project
- Project schedule

There will be **NO** special assessments for the 3<sup>rd</sup> Street/Bush Street and 3<sup>rd</sup> Street midblock crossing projects (assessments for the bridge project cover the work occurring at 3<sup>rd</sup> Street & Plum Street). We also anticipate that private utility companies may be repairing/replacing their respective utilities before or during this proposed project.

If you have any questions, or if you cannot attend this meeting but would like follow-up information, please call the Engineering Department at 651-385-3674. Thank you for your time and consideration.

Sincerely,  
City of Red Wing Engineering Department
