

## What We Heard From the Community!

During the summer of 2018 MnDOT and the City of Hutchinson reached out to gain feedback from the Hutchinson community on what design elements they could support as part of the Hwy 15/ Downtown Hutchinson reconstruction project. Thank you for your comments!

We heard from over 520 people who participated in our **Streetscaping and Landscaping Survey**, and here's what they said when we asked,

### "Could you support...":

...bump-outs at key locations?

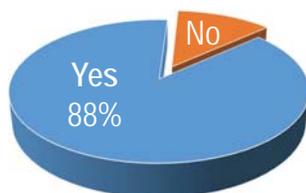

...portable planters along building fronts?

...sidewalks that have a 32" band of color?

...using the streetscape design features developed as part of Imagine Hutchinson and the 2015 Wayfinding and Signage Masterplan?

Community Engagement Activity at Open House 2.

Project booth at Dairy Days event.

Illustration showing bump-outs at key locations.

Illustration showing 32" band of colored concrete and portable planters and benches along building fronts.
