# 2021 construction projects

#1	US Hwy 12 Resurface 3.4 miles of US 12 from Kandiyohi CR 1 in Pennock to just east of Kandiyohi CR 5 in Willmar; resurface 1.3 miles of US 12 from 6th St SE to 24th St SE in Willmar.
#2	US Hwy 12 and Hwy 40—DETOUR (Multi-year project) Realign US Hwy 12 and reconstruct Hwy 40, including two new bridges, to facilitate a new railroad line (Willmar Wye) on the west side of Willmar.
#3	US Hwy 14 Repair erosion and stabilize slope on US 14 near Lake Yankton in Balaton.
#4	Hwy 19 Repair drainage and create pond one mile east of Morton.
#5	Hwy 19—DETOUR (Carryover from 2020) Repair drainage and stabilize slopes 2.8 miles east of Morton.
#6	Old Hwy 19 Remove bridge over Sulphur Lake four miles southwest of Morton (2021 or 2022 start).
#7	Hwy 40—DETOUR Replace three metal culverts with concrete box culverts in Kandiyohi and Chippewa counties.
#8	Hwy 40 (Carryover from 2019) Replace bridge on Hwy 40 (known as Milan Bridge) over Lac qui Parle Lake west of Milan.
#9	US Hwy 59—DETOUR Repair and smooth concrete pavement on US 59 from near Hwy 30 to US 14 and from just north of Lyon CR 6 to Hwy 23.
#10	US Hwy 71—DETOUR Replace bridge over Cottonwood River south of Sanborn.
#11	US Hwy 71—PARTIAL DETOUR Construct a Reduced Conflict Intersection (J-turn) at US 71 and CR 90 in Willmar; open median at 41st Ave to westbound traffic; remove and replace deteriorated concrete pavement in southbound lanes from Point lake to US 71/Hwy 23 split; pave and open U-turn at CR 24; construct pedestrian crossing at CR 24 and 23rd St NE; extend left-turn lane at 23rd St.
#12	US Hwy 75 (Carryover from 2020) Resurface 22 miles of US 75 from Township Road 127 to Hwy 7. Primarily completed in 2020; remaining work includes seal coats and permanent pavement markings.
#13	US Hwy 212 Repair and restore the overlook on Hwy 212 in Granite Falls.
#14	Hwy 271 Resurface Hwy 271 from Hwy 19 to South Dakota border, excluding the town of Hendricks (2021 or 2022 start).
#15	Districtwide Projects Update sidewalks, ramps and driveways to meet Americans with Disabilities standards in Canby, Clara City, Litchfield, Tyler and Willmar. Other projects include permanent message board and delineator post installments, sign replacements, and striping improvements.

# 2021 projects – MN 40 Culvert Replacements

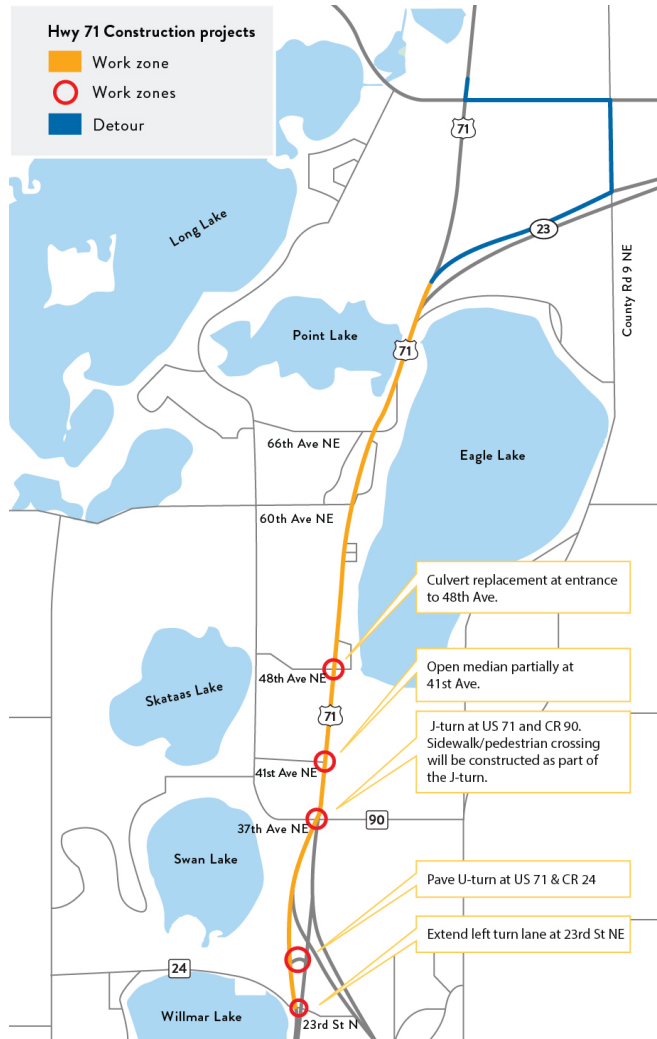

## Project details

- Replace two metal culverts and an old timber bridge with three box culverts in Kandiyohi and Chippewa counties.
- Work will take place in two stages and require two separate detours for through traffic. The two detours will not be active at the same time.
- [Click here to visit the project webpage](#)

Isaac Kinuthia, Project Manager  
[isaac.kinuthia@state.mn.us](mailto:isaac.kinuthia@state.mn.us)  
320-214-6353

# 2021 projects – US 71/CR 90 J-turn

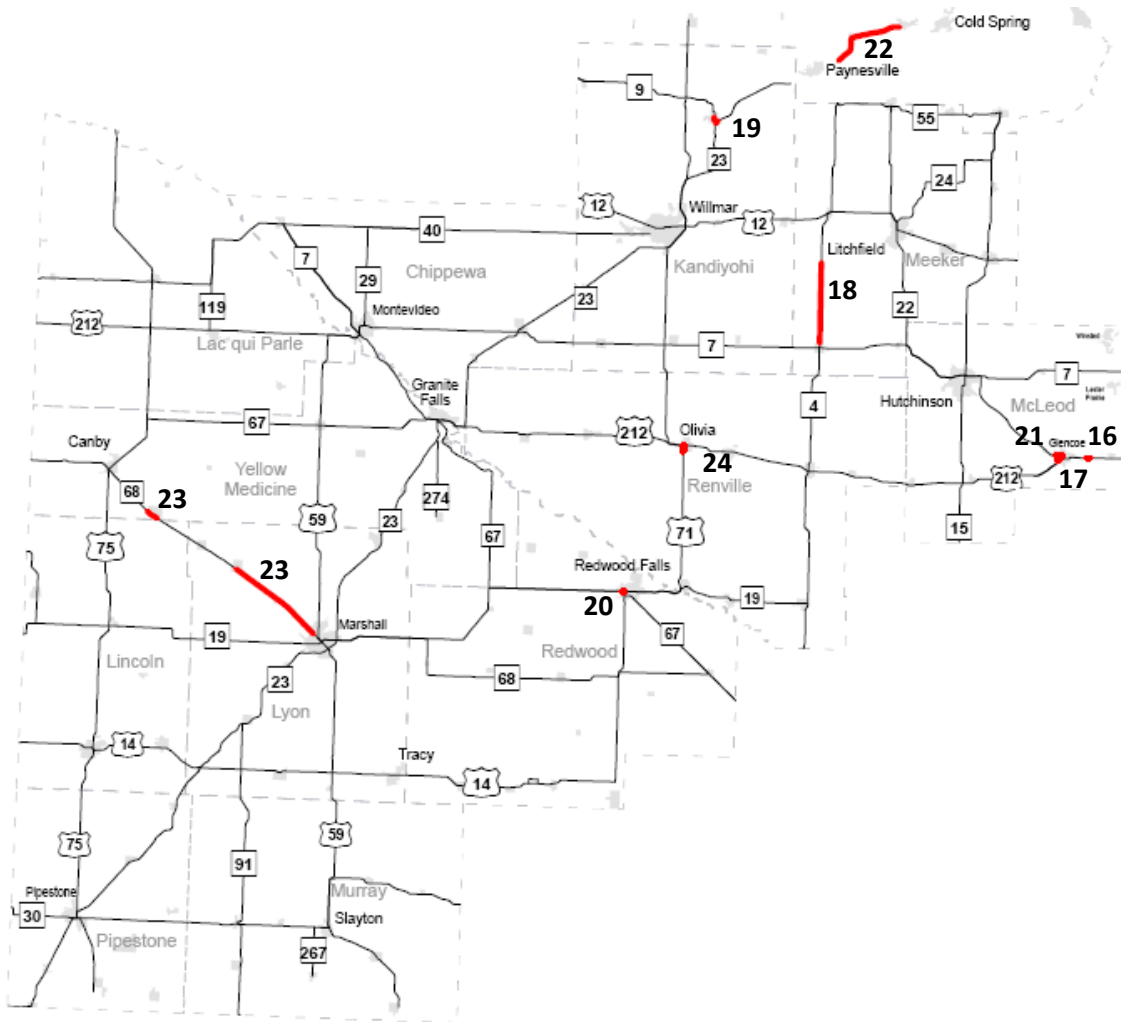

## Project details

- Construct J-turn at the intersection of US 71 & CR 90 in Willmar
- Concrete repair work on the southbound lanes of US 71 from Point Lake to the US 71/Hwy 23 “split”
- [Click here to visit the project webpage](#)

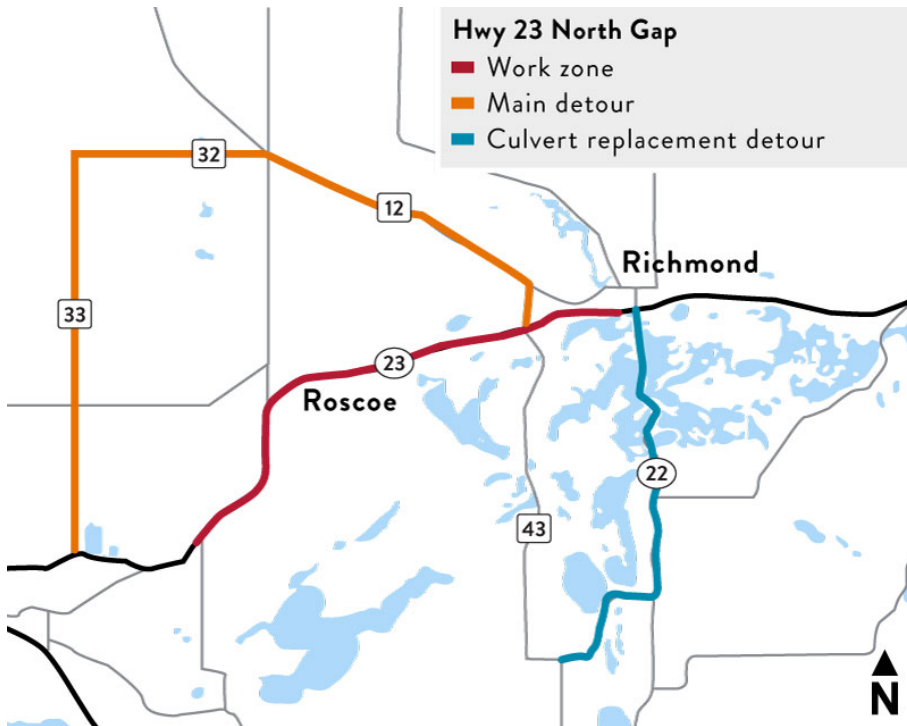

Mark Klema, Project Manager

# 2022 construction projects

16. US 212 – Construct a reduced conflict intersection (J-turn) at intersection of McLeod CSAH 1
17. US 212 – Construct a reduced conflict intersection (J-turn) at US 212 and Chandler Ave. in Glencoe
18. MN 4 – Resurface MN 4 from Cosmos to Meeker CR 23
19. MN 23/MN 9 – Construct a reduced conflict intersection (J-turn) at MN 23 and MN 9 in New London; install mid-block crossing at NLS High School in New London with median refuge island and repair retaining wall near Mill Pond and install pedestrian underpass below MN 23
20. MN 19 – Scarify and low slump overlay on bridge 5133 over the Redwood River W. of the junction of US 71
21. MN 22 – Resurface MN 22 from the junction of US 212 to Cedar Ave in Glencoe; Replace sidewalks and pedestrian crossings to meet ADA standards
22. MN 23 – Construct a four-lane roadway from Paynesville to Richmond (North Gap)
23. MN 68 – Shoulder widening from Minneota to Marshall, replace 5 bridges and culverts. Hot-in-place recycle and ultra thin bonded wearing course from Minneota to Marshall
24. US 71 – Resurface US 71 from Viking Dr. to the east junction of US 212 in Olivia. Construct bypass lane at Viking Dr. Replace sidewalk and pedestrian crossings (to meet ADA standards) along the project area

# 2022 projects – Hwy 23 North Gap

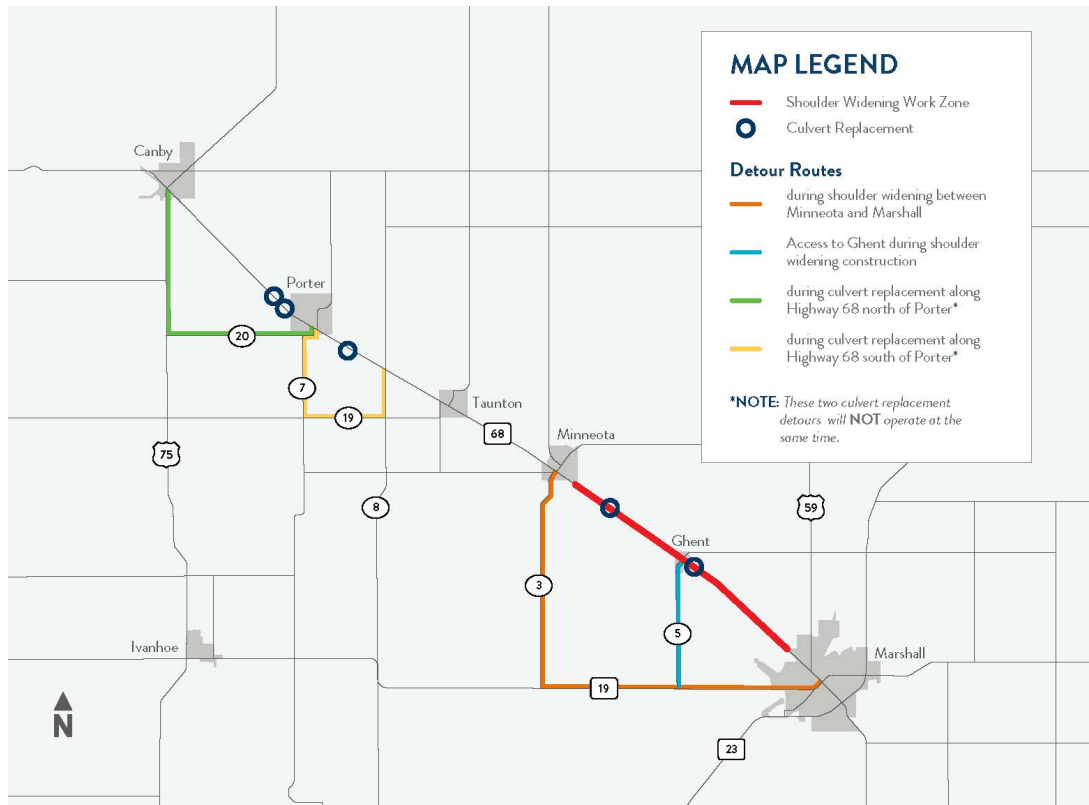

## Project details

- Expansion of Hwy 23 (two-lanes to four-lanes) from Paynesville to Richmond
- 2022 & 2023 Construction
- [Click here to visit the project webpage](#)

Lance Kalthoff, Project Manager  
[lance.kalthoff@state.mn.us](mailto:lance.kalthoff@state.mn.us)  
320-214-6352

# 2022 projects – MN 68 Minneota to Marshall

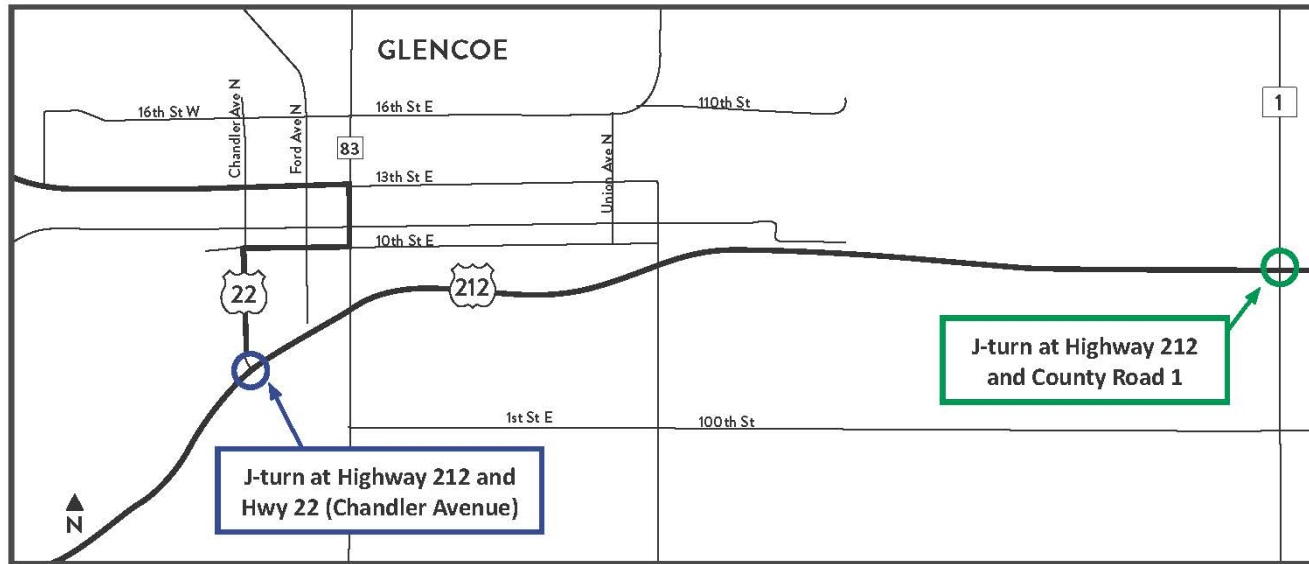

## Project details

- Widen shoulders and replace culverts on MN 68 from N Grant St. in Minneota to Marshall
- Three culvert replacements near Porter area also included
- [Click here to visit the project webpage](#)

Chris Nienaber, Project Manager  
[christopher.nienaber@state.mn.us](mailto:christopher.nienaber@state.mn.us)  
320-214-6322

# 2022 projects – US 212 Glencoe

## Project details

- Construct J-turn at the intersection of US 212 and CR 1
- A permanent snow fence and pedestrian improvements are also part of this project
- Construct partial J-turn at the intersection of US 212 and Hwy 22/Chandler Ave in Glencoe
- [Click here to visit the project webpage](#)

Ron Mortensen, Project Manager  
[ronald.mortensen@state.mn.us](mailto:ronald.mortensen@state.mn.us)  
320-214-6399

# 2022 projects – MN 23 & MN 9

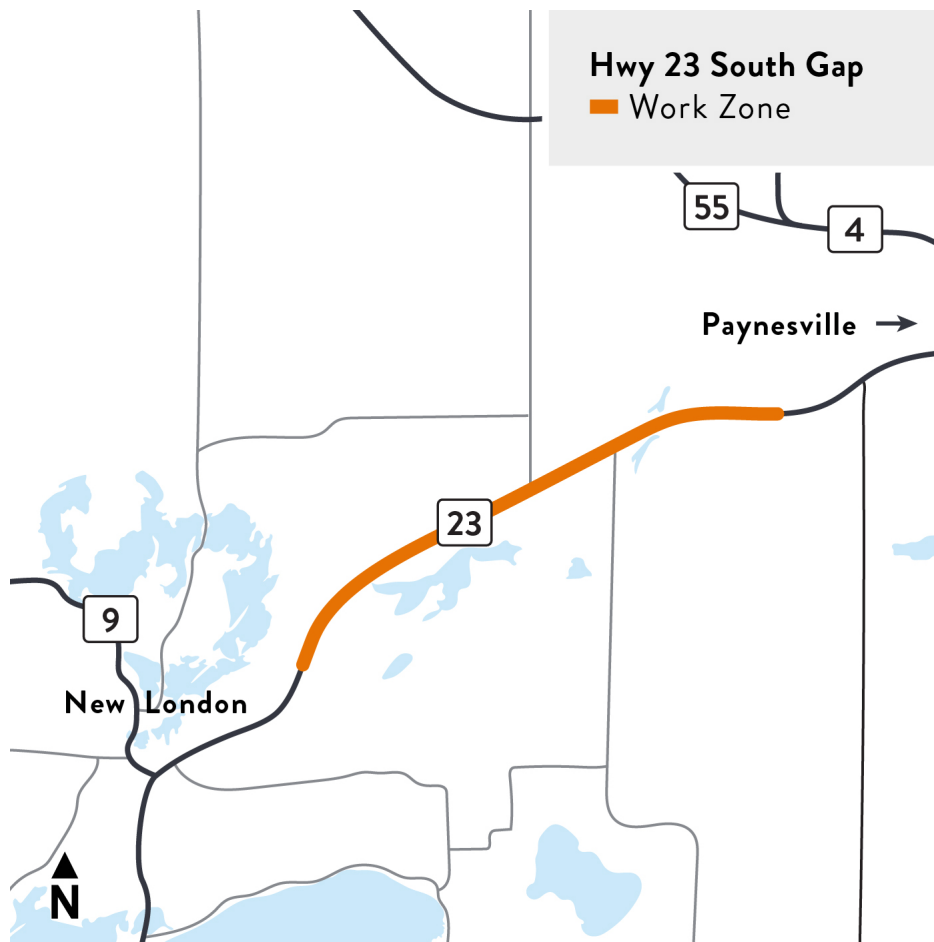

## Project details

- Construct J-turn at the intersection of MN 23 and MN 9 in New London
- Safety improvements along MN 9
- Construct pedestrian underpass
- [Click here to visit the project webpage](#)

Mark Klema, Project Manager  
[mark.klema@state.mn.us](mailto:mark.klema@state.mn.us)  
320-212-0830

# 2023 projects – Hwy 23 South Gap

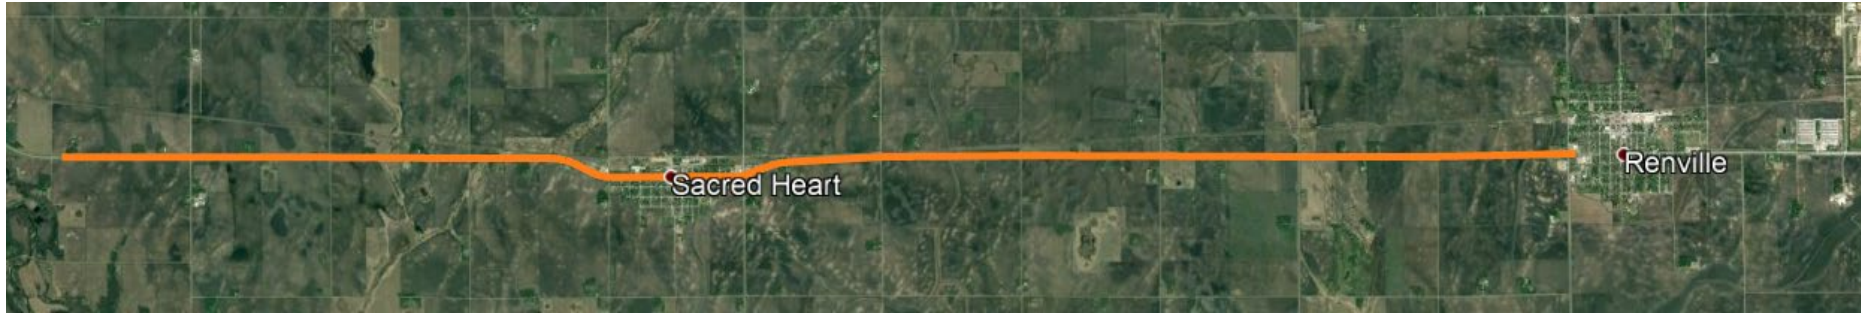

## Project details

- Expansion of Hwy 23 (two-lanes to four-lanes) from New London to Paynesville
- [Click here to visit the project webpage](#)

Chris Nienaber, Project Manager  
[christopher.nienaber@state.mn.us](mailto:christopher.nienaber@state.mn.us)  
320-214-6322

# 2023 projects – US 212 Sacred Heart

## Project details

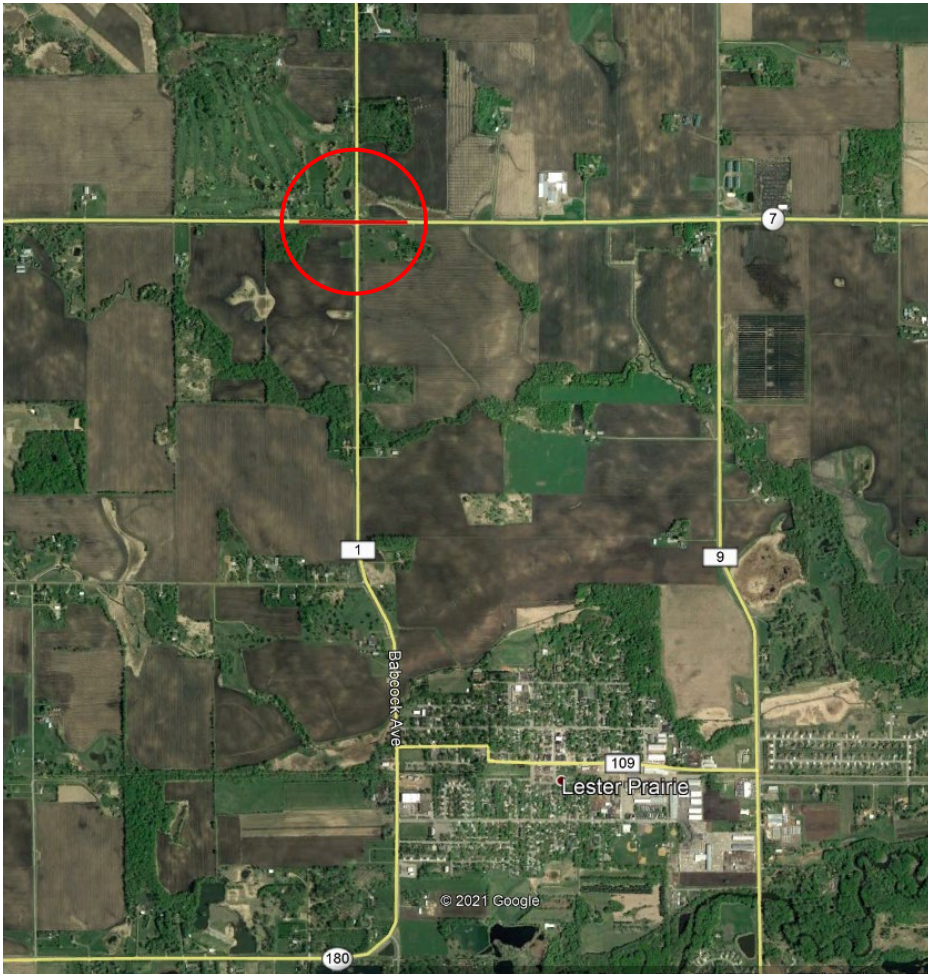

- Resurface US 212 from just east of the junction of Hwy 23 to the junction of CR 6 in Renville
- US 212 through the City of Sacred Heart will be reconstructed. Sidewalks, pedestrian ramps and adjacent driveways will be upgraded to meet ADA standards.
- A passing lane between Granite Falls and Sacred Heart is also part of the project

Ron Mortensen, Project Manager

[ronald.mortensen@state.mn.us](mailto:ronald.mortensen@state.mn.us)

320-214-0830

# 2023 projects – MN 7 Roundabout

## Project details

- Construct a roundabout at the junction of MN 7 and CSAH 1 in McLeod county.

Alex Weniger, Project Manager  
[alexander.weniger@state.mn.us](mailto:alexander.weniger@state.mn.us)  
320-214-6350

# 2024 projects – Clarkfield reconstruction

## Project details

- Reconstruction of Hwy 67 through Clarkfield. Project does not include the intersection of Hwy 59 and Hwy 67. Replacement of storm sewer is part of the project.
- Sidewalk and pedestrian ramp replacement is also part of the project.
- [Click here to visit the project webpage](#)

Lowell Flaten, Project Manager  
[lowell.flaten@state.mn.us](mailto:lowell.flaten@state.mn.us)  
320-214-6367

# 2024 projects – Glencoe Roundabout

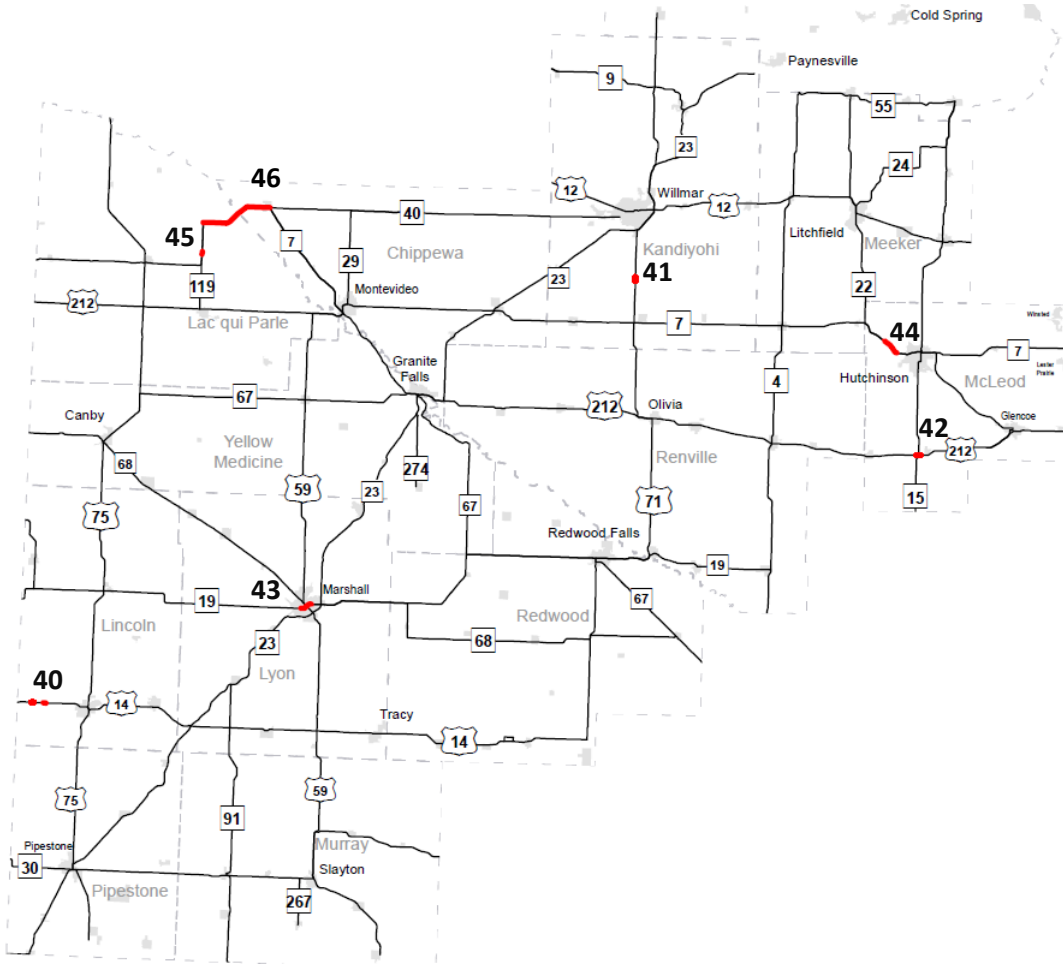

## Project details

- Construct a roundabout at the junction of US 212 and Morningside Dr. in Glencoe

Alex Weniger, Project Manager  
[alexander.weniger@state.mn.us](mailto:alexander.weniger@state.mn.us)  
320-214-6350

# 2025 construction projects

- 40. US 14 – Replace bridges on MN 14, 1.8 & 3.2 miles east of the South Dakota/Minnesota state line'
- 41. US 71 – Construct left-turn lane on US 71 at Kandiyohi CR 3
- 42. US 212 – Construct roundabout on US 212 at the intersection of US 212 and MN 15
- 43. MN 19 – Reconstruction of MN 19 through Marshall
- 44. MN 22 – Replace culverts on MN 7/22, near CR 115 west of Hutchinson
- 45. MN 40 – Replace bridge on MN 40, 3.5 miles south of MN 119
- 46. MN 40 – Resurface MN 40 from junction of MN 119 to Hwy 59

# 2025 project – Marshall reconstruction

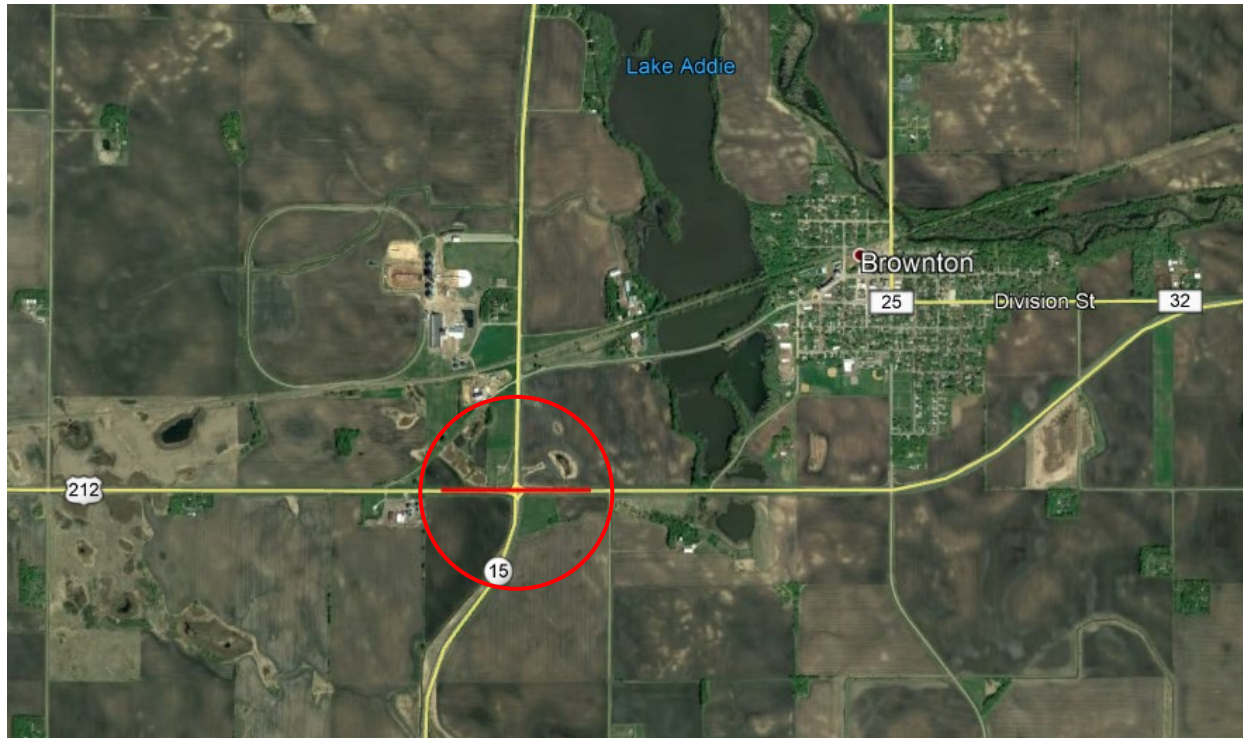

## Project details

- Reconstruction of Hwy 19/College Dr. through Marshall.
- Sidewalk and pedestrian improvements are also part of the project.
- Overall project details are not yet determined.
- [Click here to visit the project webpage](#)

Jesse Vlainck, Project Manager  
[jesse.vlainck@state.mn.us](mailto:jesse.vlainck@state.mn.us)  
320-212-0206

# 2025 project – Brownton Roundabout

## Project details

- Construct roundabout at the junction of US 212 and MN 15
