RE: Report on the Transportation Economic Development (TED) Program

Dear Legislators:

We are pleased to provide the report on the Transportation Economic Development Program, more commonly referred to as TED. This report is required under [Minnesota Statutes 174.12, subdivision 8](#).

The program is a collaborative effort between the Minnesota Department of Transportation and the Minnesota Department of Economic Development to provide funding for projects to enhance the transportation system and improve economic growth.

The 36 projects in the TED program were developed by local governments and were designed to leverage other public and private investment. Over the seven years since its establishment in 2010, the TED program has leveraged more than \$226 million in outside investments in the 36 projects and will support more than 22,200 jobs around those projects.

If you have questions, please contact us, or you may contact MnDOT's Kenneth Buckeye at 651 366-3737 or kenneth.buckeye@state.mn.us or you may contact DEED's Jeremy LaCroix at 651 259-7457 or jeremy.lacroix@state.mn.us.
