

## 2015 Local Bridge Replacement Program Update

### State Funding

---

During the 2015 regular session, the legislature appropriated \$7.41 million for Local Bridge Replacement and Rehabilitation under [Minnesota Statutes 174.50](#).

Local bridge owners pass resolutions identifying high priority bridges for replacement. State Aid compiles the priorities into the Master Bridge Priority List. This list is used to generate the governor's biennial budget request and to respond to legislative inquiries about the local bridge program.

### General Program Information

---

The Local Bridge Replacement Program provides state funding assistance to cities, counties, and townships for the construction, reconstruction, rehabilitation or removal of bridges on local roads.

Bridges approved for funding through this program are listed on State Aid's Master Bridge Priority List, have a D approved bridge application and plan, and are supported by a county board or city council resolution identifying the project as a priority.
